Retraction Note to:

Mol Cell Biochem (2007) 306:115–122

<https://doi.org/10.1007/s11010-007-9560-0>

The Editors-in-Chief have retracted this article. After publication, concerns were raised regarding image irregularities in the Figures. Specifically, in Fig. 4, the Control panels in A and B appear to share some highly similar areas.

The Editors-in-Chief therefore no longer have confidence in the presented data.

Chang-Ling Li has not responded to any correspondence from the publisher about this retraction. The publisher has not been able to obtain current email addresses for Zhao-Zhe Liu, Jin Zhu, Bo Sun, Shu Liu, Shuo Geng and Xia Liu.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at <https://doi.org/10.1007/s11010-007-9560-0>.
