**Correction to: Metab Brain Dis (2017)**  
<https://doi.org/10.1007/s11011-017-0115-0>

In the original publication of the article, the title was incorrectly written as “The cerebellum is a common site of affection in Leigh syndrome.” The correct title is “Contribution of the *MRPS22* variant and a Down mosaic to the phenotype.”
