over a dozen technology transfers to the private sector. His current research interests include distributed multimedia computing and communications, P2P networking protocols, collaborative virtual presence and tele-haptics. he is an Associate Editor of the Journal of Multimedia Tools and Applications, Associate Editor of the Journal of Advanced Media and Communications, and Information Director of ACM Transactions on Multimedia Computing, Communications, and Applications (ACM TOMCCAP). He is a University of Ottawa Gold Medalist (highest convocation standing among all engineering students), a licensed Professional Engineer in Ontario, a Senior Member of the IEEE, and a Professional Member of the ACM.

**Abdulmotaleb El Saddik** (IEEE M'02–SM'03) is an associate professor at the School of Information Technology and Engineering (SITE) at the University of Ottawa. He is the director of the Multimedia Communications Research Laboratory (MCRLab) and of the Information Technology Cluster, Ontario Research Network on Electronic Commerce. He is the founder of IEEE International workshop on Haptic Audio Visual Environments (HAVE) and a Distinguished IEEE Lecture. He is Editor of the International Journal of Advanced Media and Communication and Associate Editor of the ACM Journal of Educational Resources in Computing (JERIC). He serves in the program committee (as chair) of several ACM and IEEE conferences and workshops related to multimedia communications and Haptics. He is a recipient of the “Premier’s Research Excellence Awards”.
