*Multimedia Tools and Applications* gratefully acknowledges the editorial work of the scholars listed below on the special issue entitled, “Expanded Best Papers of Chinese Conference on Computer Vision, 2015.”

The total of 89 revised full papers presented in at the conference were carefully reviewed and selected from 176 submissions. Of the papers given at the conference, only the best 15 were selected by the program committee to be expanded into journal-length articles, which then went through additional rounds of peer review and revision.
