Correction to: J Nanopart Res (2019) 21: 250
<https://doi.org/10.1007/s11051-019-4703-2>

The original version of Fig. 6a unfortunately contains an error. All mean fluorescence intensity (MFI) values in that figure and the corresponding conclusions are correct, with the exception of the second image in the upper row that was accidentally replaced by the fourth image in the lower row.

The corrected Fig.6a is shown below.

The online version of the original article can be found at
