Erratum to: J Neurooncol DOI 10.1007/s11060-011-0665-7

Table 3 and the References section of the original publication contain the following errors:

Table 3

For authors Giordana et al. the values should be [25], 1980–2003, ND, 86, 87.9 and 38.6 for columns 2–7 respectively.

For authors Hartsell et al. and Le et al. the fourth column values should read ND, and for Hartsell et al. the fifth column value should read 17 (instead of 70).

Corrected reference

25. Giordana MT, D'Agostino C, Pollo B, Silvani A, Ferracini R, Paiolo A, Ghiglione P, Chiò A (2005) Anaplasia is rare and does not influence prognosis in adult medulloblastoma. *J Neuropathol Exp Neurol* 64(10):869–874
