**SUBJECT: AANS/CNS Endorsement of The Joint Section on Tumor's Newly Diagnosed
Glioblastoma Guidelines Update**

Dear Dr. Olson,

On behalf of the American Association of Neurological Surgeons (AANS) and the Congress of Neurological Surgeons (CNS), we would like to commend the Joint Section on Tumors' Glioblastoma Guideline Task Force (Task Force) for its strong work on the development of the *Newly Diagnosed Glioblastoma Guidelines Update*. After considering the AANS/CNS Joint Guidelines Review Committee's (JGRC) recommendation for approval, the AANS and CNS leadership have decided to endorse this document.

We would appreciate if you would use the following statement to reflect our support:

Reviewed for evidence-based integrity and endorsed by the American Association of Neurological Surgeons and Congress of Neurological Surgeons.

We greatly appreciate the hard work that went into this document and applaud the Glioblastoma Guideline Task Force for taking the time to develop this important document. Should you have any questions or need further information, please feel free to contact us.

Sincerely,

John A. Wilson, MD, President
American Association of Neurological Surgeons

Steven N. Kalkanis, MD, President
Congress of Neurological Surgeons
