Correction to: Neuropsychology Review

<https://doi.org/10.1007/s11065-022-09536-5>

In the original published paper, it was belatedly discovered that there was a data entry error in pages 1 and 15. The value of “Hedges’ $g=0.21$ ” and “ $g=0.21$ ” were incorrect and should be corrected to “Hedges’ $g=0.20$ ” and “ $g=0.20$ ”, respectively.

The original article has been corrected.
