Correction to: Nat Hazards

<https://doi.org/10.1007/s11069-018-3328-6>

In equation (2) the term “ $P(L \vee R, A_5)$ ” should be replaced with “ $P(L|R, A_5)$ ” and the term “ $P(R, A_5) \vee L$ ” should be replaced with “ $P(R, A_5|L)$ ”. A typographical error replaced the symbol “|” with the symbol “ $\vee$ ”.

The corrected equation (2) appears below:

$$P(L|R, A_5) = \frac{P(R, A_5|L) \cdot P(L)}{P(R, A_5.)}$$

This formula was coded correctly in our analysis, and the errors in reporting the equation do not affect any of the results reported in the paper.
