Correction to: Nat Hazards

<https://doi.org/10.1007/s11069-019-03746-6>

This correction stands to correct two discrepancies reported to the publisher soon after publication. The authors and publisher regret the errors as they were caused by a proofing oversight and stress the following to be noted:

First, under the Methods and Material section (3.4), where the erroneous equation is:

$$\begin{aligned} C_d &= (1.0 - 0.01890U)10^{-3} & U < 8 \text{ m/s} \\ C_d &= (1.0 + 0.1078U)10^{-3} & 8 \text{ m/s} \leq U, U \leq 30 \text{ m/s} \\ C_d &= 0.00246 & U \leq 30 \text{ m/s} \end{aligned} \quad (4)$$

The correct equation should be:

$$\begin{aligned} C_d &= (1.0 - 0.01890U) \times 1.28 \times 10^{-3} & U < 8 \text{ m/s} \\ C_d &= (1.0 + 0.1078U) \times 0.581 \times 10^{-3} & 8 \text{ m/s} \leq U, U \leq 30 \text{ m/s} \\ C_d &= 0.00246 & U > 30 \text{ m/s} \end{aligned} \quad (4)$$

Second, for Figure 16 under the Results and Discussion section (4.2.4), a velocity scale bar in the original article ranges from 0.0~10.0 m/s. However, it should be 0.0~1.0 m/s. Provided in this correction is the correct rendering of the figure:

The original article can be found online at <https://doi.org/10.1007/s11069-019-03746-6>.
