Retraction Note to: Nat Hazards (2015) 77:1055–1068

<https://doi.org/10.1007/s11069-015-1641-x>

The Editor-in-Chief has retracted this article [1] because the validity of the content of this article cannot be verified. This article showed evidence of substantial text overlap (most notably with the articles cited [2–5]) and peer review manipulation. None of the authors responded to correspondence about this retraction.
