The *Technical Committee on Multibody Systems and Nonlinear Dynamics* (MSND-TC) of the ASME Design Engineering Division solicits nominations for the *D'Alembert Award* and the *Lyapunov Award*. These awards will be presented at the *8th ASME International Conference on Multibody Systems, Nonlinear Dynamics and Control*, as part of the *ASME 2011 International Design Engineering Technical Conferences* to be held in Washington, D.C., August 28–31, 2011.

The **D'ALEMBERT AWARD** is established to recognize lifelong contributions to the field of multibody system dynamics.

The **LYAPUNOV AWARD** is established to recognize lifelong contributions to the field of nonlinear dynamics.

**Selection Criteria and Nomination Materials:** These awards recognize lifelong impact of research contributions, education and training of researchers and/or practitioners, and overall leadership in advancing the field. Nominations should include (1) a nomination letter describing the field of, and the impact of the nominee, (2) a curriculum vitae, and (3) up to five letters of support. All nomination materials must be submitted in electronic (pdf) format.

**Submission Instructions:** Submit nomination materials before

**August 1, 2010**
