Note from the Editor: Lasswell Prize Announcement for Policy Sciences Volume 56 (2023)

The Harold D. Lasswell Prize is awarded to the best article in each volume of *Policy Sciences* that contributes most to the theory and practice of the policy sciences, as determined by a vote of the journal's international editorial board. The Prize is named in honor of Harold D. Lasswell (1902–1978), a founder of this Journal and noted contributor to the policy sciences.

The Prize is accompanied by a monetary award of $500 provided by the journal's publisher, Springer.

It gives me great pleasure to announce the winners of the 2024 prize are Guillermo Cejudo and Philipp Trein for their article "*Pathways to policy integration: a subsystem approach*".
