Under the heading “Methods-Synthesis of the Bio reducible Modified-PAE (mPAE)”, on page 3, line 14–17, there is an error. The quantity unit of PAE and 2-iminothiolane hydrochloride needs to be corrected to **mg** instead of **g** so that the sentence will read:

Briefly, 10 mg of PAE was dissolved in 1 ml of ddH₂O (double distilled water) and was allowed to react with 1.85 mg (5-times molar excess) of 2-iminothiolane hydrochloride (IH) at room temperature for 15 h.
