**Publisher Correction to: International Journal of Clinical Pharmacy (2022) 44:873–893 <https://doi.org/10.1007/s11096-022-01445-0>**

This is a “Review” article incorrectly classified as “Research article”.

From the sentence “Hence, this study aimed to extensively summarize the studies...” till “...literature found in the systematic review.” should be placed under the category “Aim”.

Under the Impact statements, the sentence “The datasets analyzed during the current study are available from the first author on reasonable request” is removed.

Author contributions is removed from the declarations section.

References section is update as per the journal style with complete information.

The original article has been corrected.

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
