The original html version of this article was published with several errors. Footnote 8 was missing. The text of the footnotes to examples appeared as part of the example instead of as a footnote. This affected: fn. 1, fn. 5, fn. 6, fn. 7, fn. 15 (14 in the original html numbering), fn. 16 (15 in the original html numbering), fn. 38 (37 in the original html numbering), fn. 42 (41 in the original html numbering). The LaTeX code appeared instead of equations on some browsers. Example (51) was missing from the text and the syntactic tree from fn. 39 appeared in its place. The original article has been corrected.
