## Correction to: Plant and Soil

<https://doi.org/10.1007/s11104-022-05333-4>

The original version of the article unfortunately contained errors in Figures (lost legends) and Tables (decimal point arrangement and font size) broken in producing process.

The legends in Figures and decimal point arrangement and font in Tables were correctly revised by the producing team.

The original article has been corrected.
