Correction to: Political Behavior

<https://doi.org/10.1007/s11109-021-09716-8>

The original version of the article contained errors in the figures. Figures 1 and 3 showed the wrong graphs and figures 4 and 5 were badly aligned. Titles were not centered around the figures and the bottom sub-figure was not centered. The correct Figs. 1, 3, 4, 5 are given below.

The hypotheses were not well presented. Hypothesis 1 and Hypothesis 2 were not in bold and were not followed by colons.

The original article has been corrected.
