In the original published version of the article, there was a typographical error by the typesetters under the heading *Proof of Proposition 6*. The corrected version of the equations is:

$$\frac{\overline{\lambda} - \overline{s}_1}{\overline{\lambda}} < \frac{\overline{\lambda} - s_1^*(\alpha')}{\overline{\lambda}}$$

$$\Leftrightarrow \frac{\overline{\lambda} - \left(\overline{\lambda} - 2\sqrt{\overline{\lambda}c}\right)}{\overline{\lambda}} < \frac{\overline{\lambda} - \frac{\alpha'}{1+\alpha'}\overline{\lambda}}{\overline{\lambda}}$$

$$\Leftrightarrow c < \left(\frac{1}{2(1+\alpha')}\right)^2 \overline{\lambda}$$

$$= \overline{c}\left(\alpha', \overline{\lambda}\right).$$

The original article has been corrected.
