

Erratum to: Dynamical localization for d -dimensional random quantum walks

Alain Joye

Published online: 22 June 2012

Erratum to: Quantum Inf Process DOI 10.1007/s11128-012-0406-7

Due to a reordering of the reference call-outs by the publisher, a sentence of the introduction became inaccurate. It should read:

The third listed paper yields a special instance where the randomness fails to induce localization, while the other three papers provide localization results.

Also, the formula defining $|X|^p$ in the second line of Theorem 1, Point 2, was printed incorrectly. It should read:

$$|X|^p|\tau, x\rangle = |x|^p|\tau, x\rangle = (\max_{i=1, \dots, d} |x_i|)^p |\tau, x\rangle$$

The online version of the original article can be found under doi:[10.1007/s11128-012-0406-7](https://doi.org/10.1007/s11128-012-0406-7).
