**Erratum to: Rev Fish Biol Fisheries (2011)
21:623–640
DOI 10.1007/s11160-010-9197-z**

The original article is published with incorrect values in the first paragraph below the subtitle “Basin-wide production.” The correct version of the text is given below for your reading.

“On a per hectare basis, these values are 0.33, 0.31, and 0.04 indiv. ha⁻¹, respectively, and they offer a comparative baseline to assess the health of arapaima populations elsewhere (e.g., community-based management).”

The online version of the original article can be found under doi:[10.1007/s11160-010-9197-z](https://doi.org/10.1007/s11160-010-9197-z).
