Correction to: Research in Higher Education

<https://doi.org/10.1007/s11162-021-09633-z> and <https://doi.org/10.1007/s11162-021-09635-x>

The original version of this article, unfortunately, contained a mistake in Table 4. In column 5 of Panel A, the coefficient and standard error should read as “– 0.005 (0.006)” instead of “– 0.133 (0.151)”. The correct Table 4 is presented below.

The original articles can be found online at <https://doi.org/10.1007/s11162-021-09633-z> and <https://doi.org/10.1007/s11162-021-09635-x>.

Table 4 Average treatment effects

	(1) Enrolled at ECU	(2) Accepted loan	(3) Attended orientation	(4) Registered for classes	(5) Enrolled at any 4-year college
(A) Full sample estimates					
Treatment	– 0.007 (0.008)	0.036** (0.014)	– 0.005 (0.008)	– 0.007 (0.008)	– 0.005 (0.006)
Control group mean	0.93 (0.01)	0.55 (0.01)	0.92 (0.01)	0.93 (0.01)	0.96 (0.00)
Observations	4442				
(B) First-generation sub-sample estimates					
Treatment	0.034~ (0.020)	0.079** (0.031)	0.001 (0.019)	0.034~ (0.020)	0.027 (0.018)
Control group mean	0.89 (0.01)	0.63 (0.02)	0.92 (0.01)	0.89 (0.01)	0.92 (0.01)
Observations	849				

The presented estimates are marginal treatment effects from logistic regression models controlling for all covariates presented in Table 1. Benjamini-Hochberg correction applied to all estimates. Robust standard errors in parentheses.

*** $p < 0.01$, ** $p < 0.05$, ~ $p < 0.1$
