

XXI International Conference on Phosphorus Chemistry (ICPC 2016)

Kazan, June 5–10, 2016

XXI International Conference on Phosphorus Chemistry (ICPC 2016) will be held on June, 5–10, 2016 in Kazan. All fields of Phosphorus Chemistry will be considered: from fundamental to applied areas, including multidisciplinary approaches and related areas of other sciences.

Organizers of the Conference

Russian Academy of Sciences
Mendeleev Chemical Society
of Republic of Tatarstan
Russian Scientific Foundation
Russian Foundation for Basic Research
Kazan (Volga Region) Federal University
Kazan National Research Technological
University

Arbuzov Institute of Organic
and Physical Chemistry of RAS, Kazan
Kazan Scientific Center of RAS
Tatarstan Academy of Sciences
Tatarstan Regional Government
Ministry of Education and Science
of Russian Federation
Federal Agency for Scientific Organizations

Conference Topics

Progress in Organophosphorus Chemistry;
New Phosphorus Reagents in Organic Synthesis;
Phosphorus in Coordination and Inorganic Chemistry;
Frontiers of Catalytic Processes;
Phosphorus in Life Sciences;
Towards New Age Materials Based on Phosphorus Compounds;
Phosphorus in Industry, Green Chemistry and Sustainable Development

School-conference "Rational Design of Phosphorus Substances with Desired Properties" will be held in the frame of the Conference.

Within each topic the targeted symposia, *e.g.* P-Stereogenic/P-Chirogenic symposium; Wittig symposium, Clusters and MOFs, Molecular Magnetism, Luminescence, Antitumor Agents, *etc.*, will take place on the Conference.

The Scientific Programm will include: plenary lectures (40 min); keynote lectures (30 min); oral presentations (20 min); flash presentations (5 min); poster presentations.

Official Service Agent — International Agency of Congress Management.
