

**Scientific Conference with international participation**  
**"Dynamic Processes in the Chemistry of Organoelement Compounds"**  
**dedicated to the 115th anniversary of the birth of Academician B. A. Arbuzov**  
**(November 6–9, 2018, Kazan)**

The scientific Conference with international participation "Dynamic Processes in the Chemistry of Organoelement Compounds" dedicated to the 115th anniversary of the birth of Academician B. A. Arbuzov will be held on November 6–9, 2018, in Kazan.

**Organizers**

Russian Academy of Sciences (RAS)  
 Federal Agency of Scientific Organizations  
 Federal Research Center "Kazan Scientific Center of the Russian Academy of Sciences"  
 A. E. Arbuzov Institute of Organic and Physical Chemistry  
 Russian Foundation for Basic Research  
 D. I. Mendeleev Republican Chemical Society

**Chairman of the Conference**      Academician of RAS O. G. Sinyashin

**Program Committee**

**Chairman**      Professor A. A. Karasik (Kazan)

Corr. Member of RAS A. I. Antipin	Corr. Member of RAS V. Yu. Kukushkin
Professor Yu. G. Budnikova	Corr. Member of RAS V. F. Mironov
Professor A. A. Bredikhin	Academician of RAS A. M. Muzafarov
Professor A. R. Burilov	Academician of RAS V. I. Ovcharenko
Professor V. I. Galkin	Professor A. A. Trifonov
Corr. Member of RAS Yu. G. Gorbunova	Professor Yu. G. Trishin
Academician of RAS M. P. Egorov	Corr. Member of RAS V. P. Fedin
Academician of RAS I. L. Eremenko	Corr. Member of RAS I. L. Fedyushkin
Academician of RAS A. I. Konovalov	Professor D. G. Yakhvarov

**Organizing Committee**

**Chairman**      Professor A. A. Karasik (Kazan)

O. A. Andreeva	A. A. Zagidullin	A. V. Nemtarev	N. R. Khasiyatullina
M. G. Belenok	A. I. Karasik	A. V. Smolobochkin	M. N. Khrizanforov
A. V. Bogdanov	T. D. Keshner	I. D. Strel'nik	R. R. Sharipova
A. S. Gazizov	O. E. Naumova	D. A. Tatarinov	A. M. Yakupov

**Scientific Program**

The program of the Conference covers a broad range of relevant fundamental and applied subjects in organoelement chemistry including novel reagents and methods in organoelement synthesis; supramolecular and coordination chemistry of organoelement compounds; quantum chemical approaches to the description of processes in organoelement compounds; tautomerism and isomerism of organoelement compounds; materials based on organoelement compounds; physical methods for studying the dynamic processes of organoelement compounds in solutions and crystals; and organoelement compounds in living systems.

The scientific program of the Conference includes plenary and oral reports and posters. The working languages of the Conference are Russian and English.

**Organizing Secretariat**

For all organizational issues, please address Anzhelika Igorevna Karasik, Conference Secretary.
