

2nd Scientific Conference "Dynamic Processes in the Chemistry of Organoelement Compounds" November 11–13, 2020, Kazan

The 2nd Scientific Conference "Dynamic Processes in the Chemistry of Organoelement Compounds" with international participation dedicated to the 75th anniversary of the A. E. Arbuzov Institute of Organic and Physical Chemistry, Kazan Scientific Center of Russian Academy of Sciences, will be held on November 11–13, 2020, in Kazan.

Organizers

Russian Academy of Sciences
Ministry of Science and Higher Education of the Russian Federation
Federal Research Center "Kazan Scientific Center of Russian Academy of Sciences"
A. E. Arbuzov Institute of Organic and Physical Chemistry
Russian Foundation for Basic Research
D. I. Mendeleev Chemical Society of the Republic

Chairman of the Conference Academician of the RAS O. G. Sinyashin

Program Committee

Chairman	Professor A. A. Karasik
Corresponding Member (RAS) I. S. Antipin	Corresponding Member (RAS) I. L. Fedyushkin
Professor A. A. Bredikhin	Corresponding Member (RAS) S. N. Kalmykov
Professor Yu. G. Budnikova	Academician (RAS) A. I. Kononov
Professor A. R. Burilov	Academician (RAS) V. Yu. Kukushkin
Professor V. I. Galkin	Corresponding Member (RAS) V. F. Mironov
Corresponding Member (RAS) Yu. G. Gorbunova	Academician (RAS) A. M. Muzafarov
Corresponding Member (RAS) K. Yu. Zhizhin	Academician (RAS) V. I. Ovcharenko
Academician (RAS) M. P. Egorov	Corresponding Member (RAS) A. A. Trifonov
Academician (RAS) I. L. Eremenko	Professor Yu. G. Trishin
Corresponding Member (RAS) V. P. Fedin	Professor D. G. Yakhvarov

Organizing Committee

Chairman	Professor Yu. G. Budnikova			
Vice-Chairman	A. A. Zagidullin			
O. A. Andreeva	A. S. Gazizov	N. R. Khasiyatullina	A. V. Nemtarev	D. A. Tatarinov
M. G. Belenok	N. I. Ivanova	M. N. Khrizanforov	A. V. Smolobochkin	A. M. Yakupov
A. V. Bogdanov	A. I. Karasik	O. E. Naumova	I. D. Strel'nik	

Scientific Program

The Program of the Conference includes a broad range of significant fundamental and applied topics of organoelement chemistry:

- new reagents and methods in organoelement synthesis;
- supramolecular and coordination chemistry of organoelement compounds;
- theoretical approaches to the description of processes in organoelement compounds;
- tautomerism and isomerism of organoelement compounds;
- promising materials based on organoelement compounds;
- physical investigation methods for dynamic processes of organoelement compounds in solutions and crystals;
- organoelement compounds and living systems.

The scientific program of the conference includes plenary reports, oral reports, and posters. The abstracts of reports will be published in the Collection of Abstracts.

The official languages of the Conference are Russian and English.
