

XXXIV Symposium "Modern Chemical Physics"

The XXXIV Symposium "Modern Chemical Physics" will be held on September 16–25, 2022, in Tuapse (Mayak resort).

Organizers

Russian Academy of Sciences (RAS)
 Division of Chemistry and Materials Sciences of the Russian Academy of Sciences
 Ministry of Science and Higher Education of the Russian Federation
 N. N. Semenov Federal Research Center of Chemical Physics of RAS
 Institute of Problems of Chemical Physics of RAS
 M. V. Lomonosov Moscow State University

Organizing Committee

Chairperson	Professor M. V. Grishin	
Co-chairperson	Professor B. R. Shub	
Professor V. R. Flid	Professor M. Ya. Mel'nikov	Professor B. N. Plakhtin
Professor S. K. Ignatov	Professor V. A. Nadtochenko	Professor A. F. Shmidt
Professor V. N. Korchak	Professor A. V. Nemukhin	Professor M. V. Tsodikov
Professor S. P. Medvedev	Professor V. P. Petranovskii	

Program Committee

Chairperson	Professor L. I. Trakhtenberg	
Deputy Chairperson	Corresponding Member (RAS) A. N. Ozerin	
Academician (RAS) S. M. Aldoshin	Academician (RAS) A. L. Buchachenko	
Academician (RAS) M. V. Alfimov	Academician (Belarus National Academy of Sciences) A. I. Kulak	
Corresponding Member (RAS) M. I. Alymov	Academician (RAS) A. M. Muzafarov	
Academician (RAS) V. P. Ananikov	Academician (RAS) V. N. Parmon	
Academician (RAS) A. A. Berlin		

Scientific Program

The scientific program of the Conference includes lectures, reports, and poster sessions in the following areas of modern chemical physics:

- elementary processes;
- photochemistry and radiation chemistry;
- chemical radiospectroscopy;
- homogeneous and heterogeneous catalysis;
- kinetics and dynamics of chemical reactions;
- surface chemical physics;
- nanochemistry, nanophysics, and nanotechnology;
- quantum chemistry;
- macromolecular compounds;
- combustion and explosion;
- promising functional nanomaterials;
- nanobiology;
- biochemical physics;
- biophotonics.
