

IV All-Russian Conference with international participation "Research and Development in the Chemistry and Technology of Functional Materials"

The IV All-Russian Conference with international participation "Research and Development in the Chemistry and Technology of Functional Materials" dedicated to the 65th year anniversary of the I. V. Tananaev Institute of Chemistry and Technology of Rare Elements and Mineral Raw Materials (ICTMRM) will be held on April 17 to 21, 2023, at ICTMRM KSC RAS, Apatity.

Organizers

Ministry of Education and Science of the Russian Federation
Russian Academy of Sciences (RAS)
Division of Chemistry and Materials Science of RAS
Scientific Council on Chemical Engineering
Scientific Council on Metallurgy and Metal Science
Kola Science Center
I. V. Tananaev Institute of Chemistry and Technology of
Rare Elements and Mineral Raw Materials
Government of the Murmansk Region

Organizing Committee

Chairmen	Academician of RAS S. V. Krivovichev Professor S. A. Kuznetsov Academician of RAS A. Yu. Tsivadze
Secretaries	T. N. Vasil'eva, S. M. Masloboeva

Scientific Program

The scientific program of the Conference includes plenary lectures, oral reports, and posters on the following subjects:

- Prospects of development of the resource base and integrated raw material processing for manufacturing materials for various purposes;
- Metallurgical and hydrometallurgical processes;
- Study of the synthesis, properties, and applications of functional materials;
- Technology of construction materials;
- Disposal of wastes of mineral raw material processing;
- Economic and environmental characteristics of new engineering processes.

Contacts: For all questions, please, contact Secretaries of the Conference:
