Due to an error in production, standard deviations were mislabeled as standard errors in the following places:

- 1) The mean and standard deviation on page 94 should read (M=18.86, SD=1.58) instead of (M=18.86, SE=1.58).
- 2) On page 96 all SEs should be labeled SDs including the mislabeled SEs in the column headings of Table 1.
