Correction to: Solar Physics (2018) 293:29
<https://doi.org/10.1007/s11207-017-1201-5>

We wish to call the reader's attention to the fact that the inaccuracies regarding Equations 26 and 28, as well as the range in Δm used in the leakage matrix, described by Larson and Schou (2024) concerning Larson and Schou (2015) also apply to Larson and Schou (2018).

Acknowledgments T.P. Larson would like to thank the Max Planck Institute for Solar System Research for supporting a visit there in July 2023, during which the most important of these errors was discovered.

Funding T.P. Larson is funded by NASA Contract NAS5-02139.
