<https://doi.org/10.1007/s11214-022-00940-0>

In Sect. 3, the dawn auroral polarization streams (DAPS) were mistakenly termed as “dawnside SAPS” twice. DAPS and dawnside SAPS are two different phenomena: DAPS occur within the auroral zone while the dawnside SAPS occur at subauroral latitudes. The article aimed to describe the DAPS, not the “dawnside SAPS”. The original article has been corrected.
