Acknowledgements An early version of this paper appeared in my dissertation, *Essays in Experimental Jurisprudence* (2019). Thanks to Josh Knobe, Gideon Yaffe, Stephen Darwall, and Scott Shapiro for their comments on that draft and the rest of the dissertation. Thanks to three anonymous reviewers for their comments on a later revision. Because this paper evolved while circulating over several years, I am likely omitting other thanks owed, although thanks are certainly due to Nat Hansen, Ivar Hanniikainen, Markus Kneer and Karolina Prochownik.
