

IN MEMORY OF A. N. TAVKHELIDZE

The XVI International Seminar on High Energy Physics “Quarks-2010” was held 6–12 July 2010. It was dedicated to the memory of the leading scientist, the initiator and constant chairman of the organizing committee of the preceding seminars in this series:

Albert Nikiforovich Tavkhelidze
(16 December 1930–27 February 2010)

Papers based on reports delivered at the “Quarks-2010” seminar are being published here and in the next issue of the journal.
