PUBLISHER CORRECTION

Correction to: Redistribution to the less productive: parallel characterizations of the egalitarian Shapley and consensus values

Koji Yokote[1] · **Takumi Kongo[2]** · **Yukihiko Funaki[3]**

Correction to: Theory and Decision
https://doi.org/10.1007/s11238-020-09781-1

In Sect. 3.3, the terms "one-person" and "(n − 1)-person" were incorrectly updated by mistake during the correction stage in the online published article. The correct sentences are given below:

Proportionately decreasing redistribution in one-person unanimity games (PDR^1): For any $(N, u_i), (M, u_j) \in G$, with $i, k \in N$, $i \neq k$, $2 \leq |N|$, $j, \ell \in M$, $j \neq \ell$, and $2 \leq |M|$, $|N|f_k(N, u_i) = |M|f_\ell(M, u_j)$.

Proportionately decreasing redistribution in $(n − 1)$-person unanimity games (PDR^{n-1}): For any $(N, u_{N\setminus i}), (M, u_{M\setminus j}) \in G$, with $i \in N$, $3 \leq |N|$, $j \in M$, and $3 \leq |M|$, $|N|f_i(N, u_{N\setminus i}) = |M|f_j(M, u_{M\setminus j})$.

The original article has been corrected accordingly.

We apologize for the error introduced during the production process.
