The authors provided the wrong reference for the FAST corner detector in the paper titled “Interesting Interest Points” by Henrik Aanæs, Anders Lindbjerg Dahl and Kim Steenstrup Pedersen, published March 2012, Volume 97, Issue 1, pp 18–35.

The authors cited Trajkovic’ & Hedley (1998): Fast corner detection. *Image and Vision Computing*, 16(2), 75–87.

The reference should have been to the method named FAST where the correct references are: Rosten & Drummond (2005): Fusing points and lines for high performance tracking. *IEEE International Conference on Computer Vision*, and Rosten & Drummond (2006): Machine learning for high-speed corner detection. *European Conference on Computer Vision*. The error occurs on pages 20 and 21.
