Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

Unfortunately, in the published paper entitled "Comprehensive profiling of functional attributes, virulence potential and evolutionary dynamics in mycobacterial secretomes" authored by Ayan Roy, Arnab Sen, Sourav Chakraborty and Indrani Sarkar, the surname of Sourav Chakraborty was inadvertently wrongly written as Sourav Chakrobarty in the original publication of the article. Name has been corrected in the correction article. We have also included ORCID ID.

The original article can be found online at <https://doi.org/10.1007/s11274-017-2388-1>.
