R. Velumani obtained the B.E. degree in Computer Science and Engineering from Madras University, Chennai, India, in 2001, the M.E. degree in Computer Science and Engineering from Anna University of Technology, Chennai, in 2008 and the Ph.D. in Information and Communication Engineering from Anna University, Chennai, in 2015. At present, he is Assistant professor in K.S.R. College of Engineering, Tiruchengode, Tamil Nadu, India. His research interests are Mobile Computing, Brain Computer Interface and Bio Medical Engineering.

Electronic supplementary material The online version of this article (<https://doi.org/10.1007/s11277-019-06168-6>) contains supplementary material, which is available to authorized users.

M. Vijayakumar received the B.E. degree in Electrical and Electronics Engineering from the Bharathidasan University, Trichy, India, in 1998, the M.E. degree in Power Systems Engineering from Anna University of Technology, Coimbatore, in 2009 and the Ph.D. in Electrical Engineering from Anna University, Chennai, in 2015. Currently, he is a professor in K.S.R. College of Engineering, Tiruchengode, Tamil Nadu, India. His research interests are power quality, flexible AC transmission system (FACTS), harmonic optimization techniques, and grid connected renewable energy systems.
