Correction to: Environmental Science and Pollution Research (2019) 26:16998–17009
<https://doi.org/10.1007/s11356-019-04781-3>

All measurements in the paper are to be understood as expressed in mg/m^3 , it means that in Table 2, Fig. 1, Table 6 and two instances in the results sections in paragraph 3 (when citing the NO_2 concentration) all "ppb" concentrations should have been instead labelled as " mg/m^3 ".

The online version of the original article can be found at <https://doi.org/10.1007/s11356-019-04781-3>
