Correction to: Environmental Science and Pollution Research (2021) 28:52689–52701

<https://doi.org/10.1007/s11356-021-15944-6>

We realized that the sentence at pg 52691, second column, lines 4–6:

"TM authorization for ruminants (e.g. sheep and cattle) and monogastric animals (e.g. pigs and poultry) is expected by the end of 2021" contains a misleading and out-of-date information. It should be corrected with:

"Recently, the Commission (EU) 2021/1372 also authorized the use of insect-derived proteins for poultry and pigs."
