The Editor-in-Chief has retracted this article. After publication concerns were raised regarding the content in this article and the validity of its arguments. Post-publication peer review concluded that the article does not establish a consistent methodology or document its claims with well-established sources. The article also makes several comparative claims without providing appropriate comparison data. Kevin MacDonald does not agree to this retraction.

The online version of this article contains the full text of the retracted article as supplementary information.

Supplementary Information The online version of this article (<https://doi.org/10.1007/s11406-021-00439-y>) contains supplementary material, which is available to authorized users.
