This paper contains four errors in Figure 4 and Figure 5. In Figure 4C, the image labeled as “1% O₂+IgG ctrl” is incorrect. This image is another one for 1% O₂ group. We provide a new image as follows for 1% O₂+IgG ctrl group. This new image does not affect the conclusion of this article.

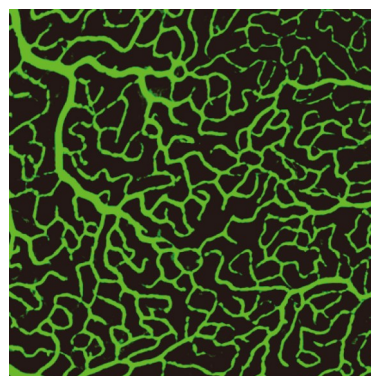

In Figure 5A, the image labeled as normal group ii is a duplicate image of AA98 group ii. We provide a new image for normal group ii as follows.

In Figure 5B, the image labeled as IgG ctrl group ii is a duplicate image of Figure 4E model i. We provide a new image for IgG ctrl group ii as follows.

In Figure 5C, the image labeled as normal iv is a duplicate image of AA98 1.0 μg ii. We provide a new image for normal iv as follows.

These new images do not affect the conclusion of this article.

The data in Figure 4C was produced by authors in Yang's Lab, and the error was identified by Yang. These data in Figure 5A–C were produced by authors in Yan's Lab, and the errors were identified by Yan and Duan. The authors sincerely apologize for any inconvenience caused by these errors.
