

Correction

The original version of the article titled “Cloning of 9-*cis*-epoxycarotenoid dioxygenase (NCED) gene encoding a key enzyme during abscisic acid (ABA) biosynthesis and ABA-regulated ethylene production in detached young persimmon calyx”, published in 54(16): 2830–2838 (doi: 10.1007/s11434-009-0486-7), unfortunately contained a mistake. The “*DKCS2*” of Figure 3 and the “*Dk-NCED2*” of Figure 5 were incorrect.

The original figures:

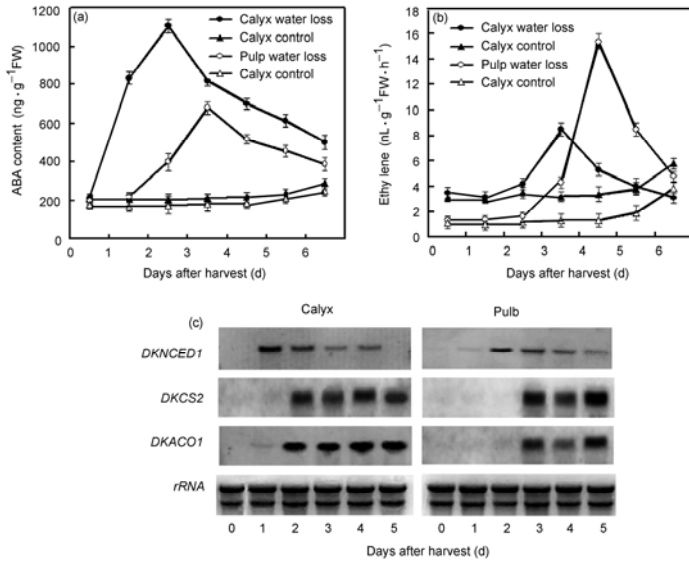

Figure 3

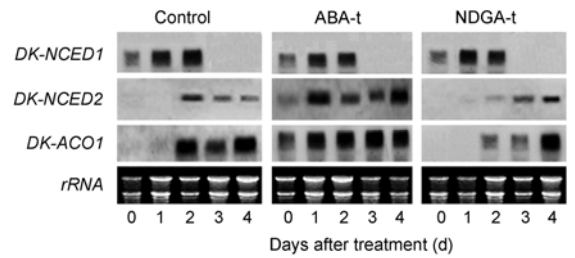

Figure 5

The corrected figures:

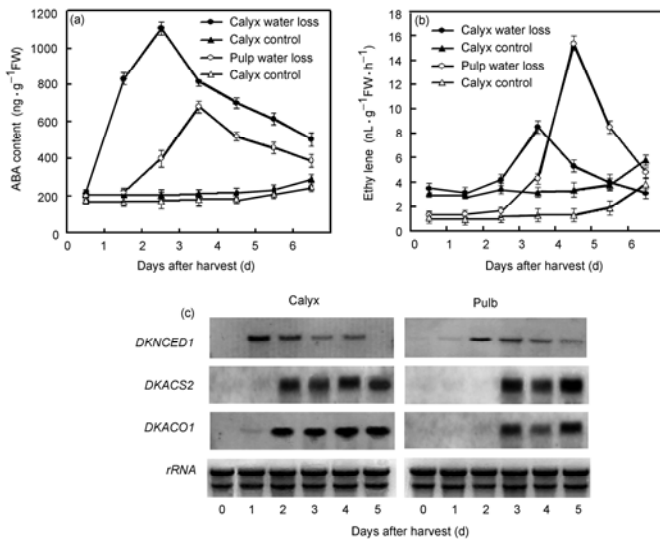

Figure 3

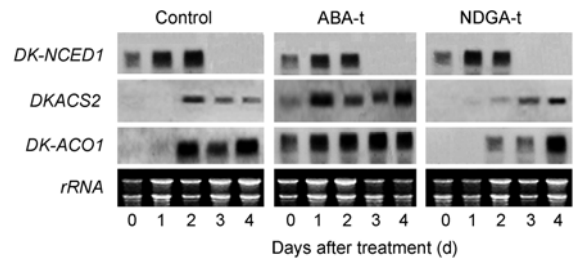

Figure 5
