In the original version of this paper, the captions of Figures 5, 6 and 7 are switched. The correct form is:

Fig 5 - should be replaced by the caption of Fig. 7. It means: Caption Fig 5/correct form: Raman maps from Raman spectroscopy. 3D for gold nanoparticles **a** without sulfide and **b** with sulfide, both excited by 532 nm laser

Fig 6 - should be replaced by the caption of Fig. 5. It means: Caption Fig 6/correct form: Raman spectra of AuNP's excited by lasers emitting in 532 and 633 nm. Raman spectra peaks are labeled on the graph

Fig 7 - should be replaced by the caption of Fig. 6. It means: Caption Fig 7/correct form: Raman spectra of gold nanoparticles with citrate and sulfide excited by lasers emitting in 532 nm. Raman spectra peaks are labeled on the graph, excited by 532 nm
