Correction to: Int J Ment Health Addiction.

<https://doi.org/10.1007/s11469-020-00348-3>

The following corrections were needed to this article following its original publication. All corrections refer to information contained in Table 3:

Column 1, row 4 labelled ‘Age M (SD)’ should all be on one line, as 41.7 (11.09).

The following text in column 1 row 23 should not be indented: ‘Age of first alcohol/drug use, M (SD)’.

The following text in column 1 row 41 should not be indented: ‘Main current drug of concern ($n=38$)’. The following text in column 1 row 44 *should* be indented: ‘Meth/amphetamines % (n)’.

The following text in column 1 row 47 is duplicated and should only appear once: ‘Ever sought treatment from a health professional or service for alcohol or other drug use ($n=37$)’.

The following text in column 1 row 48 is duplicated and should only appear once: ‘Age first sought treatment from a health professional or service³, M (SD)’.

The following text in column 1 row 59 is duplicated and should only appear once: ‘Previously participated in the ‘psychoeducational addressing substance use’ group in the forensic hospital ($n = 39$), % (n)’.

The original article has been corrected.
