Correction to: J Urban Health

<https://doi.org/10.1007/s11524-019-00415-8>

There were the following errors in this article as originally published:

In Equation 3, there was an opening parenthesis covering the entire left side of the equation rather than just the numerator.

In the Results, there was no space between the legend abbreviations and the explanations of what the abbreviations mean.

The original article has been corrected.
