

Editor's Notes

By Abbie Brown
East Carolina University

Summer is often an opportunity to catch up on one's reading, and this issue has a great deal to offer. We have a special editorial from Paulette Dilworth, Ana Donaldson, Marshall George, Don Knezek, Mike Searson, Kendall Starkweather, Marilyn Strutchens, John Tillotson, and Sharon Robinson, as well as an installment of "Tech-Savvy Teaching" by Donovan R. Walling. Also in this issue, Feihong Wang and Enming Zhao describe a case of using Second Life for instruction without actually logging in to Second Life; Mitchell Bartholomew, Travis Jones, and Michael Glassman describe blog management strategies and tools; Marley Belair reviews the literature on virtual school communications; and David Denton reports on strategies for integrating cloud-based applications in educational settings.

Happy summer, everyone!

Erratum:

In the 56.3 issue, Zeni Colorado's name was misspelled (Coorado) — It should be spelled Colorado.
