Volume 62, issue 4 of *TechTrends* is a special issue from the Culture, Learning, and Technology Division of the Association for Educational Communications and Technology. It was guest edited by Drs. Camille Dickson-Deane (University of Melbourne), Amy Bradshaw (University of Oklahoma), and Tataleni Asino (Oklahoma State University) I appreciate them pulling this issue together! The issue includes nine original papers that cover many ideas and topics that often are not explicitly included in the journals of our field. I hope you find them interesting.

In addition to the original papers, the issue includes some of the regular columns you expect to see in *TechTrends*. There are entries for the *AECT President's Message*, *Graduate Member Musings*, *History Corner*, *Rethinking Technology &*

Creativity in the twenty-first Century, *ICT International*, and *Techspotting* columns. This issue also premieres a new column led by Linda Campion of East Carolina University, *Leading Matters*.

Please make sure to cite *TechTrends* articles in your work, when it makes sense. Citing *TechTrends* increases the visibility of the journal, AECT, and the good work that our authors create. Please encourage your colleagues to submit their work to *TechTrends*, to cite *TechTrends*, and to consider joining AECT! If you have a question about the journal, my phone number is 912-478-0497 and my email is chodges@georgiasouthern.edu. Email is always the best way to reach me. You can follow *TechTrends* on Facebook (<http://www.facebook.com/trends>) or on Twitter: @AECTTechTrends.
