Correction to: Potato Research

<https://doi.org/10.1007/s11540-021-09501-4>

The original version of the article unfortunately contained an error.

In line 4 of the abstract, it appears that by mistake a few words were added in the middle of another sentence - "*especially the case in Africa where*".

The correct sentence is: Food security has four dimensions: food availability, food access, food use and quality, and food stability.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at <https://doi.org/10.1007/s11540-021-09501-4>.
