Dear Reader,

Unfortunately there is a discrepancy between the online-version and the print-version of this article.

In the online-version in Appendix 3 in the first line under “1. Subsidiary legitimacy” under “Measures” there is also the point “Greater conformity with societal expectations (0.88)”.

This is missing in the PDF version.

The original article has been corrected.

Please excuse this mistake.

The original article can be found online at <https://doi.org/10.1007/s11575-017-0324-0>.
