In this article, the authors incorrectly cited the advocacy organization, "Compassion and Choices". The correct name of the advocacy organization that the authors intended is "Compassion and Choices of Oregon."

In addition, they incorrectly cited the URL of the national parent organization <http://www.compassionandchoices.org> instead of URL the local organization <http://www.compassionoforegon.org> that should have been cited instead.

The authors regret these errors.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s11606-007-0476-x>.
