Correction to: Archives of Osteoporosis (2020) 15:36

<https://doi.org/10.1007/s11657-020-0695-x>

The original version of this article, published on 02 March 2020 unfortunately contained an error on “Fig. 3 Prevalence of Vitamin D Levels by NUTSII. The prevalence estimated values represent weighted values to the Portuguese Adult Population in 2011 [33], considering the study design.” The percentage of individuals with levels ≥ 20 ng/mL in Açores is 18% instead of 28%.

The corrected figure is given below.

The authors regret their error.

The online version of the original article can be found at <https://doi.org/10.1007/s11657-020-0695-x>
